Program Descriptions

We encourage you to take a look at the wide variety of programs TBA is offering this year. While this directory represents programs for 2018 scheduled at the time we went to print, programs are added to the calendar throughout the year. Consult our back-page calendar in *The Tennessee Banker* magazine, the upcoming events column in our weekly e-newsletter *This Week*, or visit our website at www.TNBankers.org/calendar for up-to-date information on all our programs and products.

This directory lists only the early registration prices. For most programs, early registration closes at the end of business two weeks before the scheduled program date. Then prices increase by \$30. All registrations received the day of the program will be assessed an additional \$50 late registration fee—no exceptions. Complete pricing details are included in each program brochure and TBA's online calendar.

Participation in TBA programs is limited to employees of members, associate members, regulatory agencies, and nonmembers from an eligible membership category at applicable member or nonmember rates.

Programs have not been pre-approved for ICB CE credits. Attendees who require ICB credits should go to www.aba.com/Training/ICB/Pages/default.aspx for further instructions.

NOTE: All dates, prices, instructors, and other information listed in the 2018 TBA *Professional Development Directory* are correct at time of printing. They are, however, subject to changes.
